

# General characteristics

Filtmaster

## The system

The most efficient, versatile & profitable filtering tool.

- Efficiency: The application of the most advanced technology results in a higher level of filtering performance.
- Versatility: The wide modular capacity of its components allows its perfect use for any kind of water in both agricultural and industrial fields.
- Profitability: The design of its components optimizes the cleaning process with lower energetic costs.

## Filters $\frac{3}{4}$ ", 1", $1\frac{1}{4}$ " and $1\frac{1}{2}$ "

For low flow filtering (up to 15m<sup>3</sup>/h).

# Manual filters

Filtmaster

## ¾", 1", 1 ¼" and 1 ½" filters

Stainless steel screen filter

| X-345<br>blue 100 microns | X-346<br>red 130 microns | Size | Connection | Q/ | n°   |
|---------------------------|--------------------------|------|------------|----|------|
